

# Risk Assessment & Safe System Of Work for Covid-19 Working

Company	Apollo Cradles Ltd – Offices and Workshops at Shafton, Barnsley,		
Prepared by	Michael Bailey (Q1tum Ltd) (Grad IOSH, DipNEBOSH, NEBOSH Alumni, MIIRSM, MIFPO, MBFSA, AIEMA)		
Approved by	Darren Brady & Joe Hooper		
Accepted by (customer)	Darren Brady and Joe Hooper		
Date	6 <sup>th</sup> June 2020	Review Date	As soon as new guidance issued.
Reference/Revision Number	MA7206 (Shafton)		

## Additional measures to be take during COVID-19 Virus Working

To be read in conjunction with Site Specific Risk Assessment for Tasks (Usual Work Place Risk Assessments) associated with the Well Being of Workers

### **Site Induction:**

All Inductions/ instructions to be conducted with the Social Distancing guidelines maintained. Visitors are to wait at the entrance line to wait for their temperature to be checked. Anybody with a temperature at 38 Degrees Celsius or above will be asked to sit in the meeting room for 15 minutes to allow their body to cool (core temperature drop after physical exertion). If their temperature remains at 38 degrees or above after 15 minutes they will be asked to leave site/ go home. All temperature checks to be recorded. In addition, staff to be protected by optional face mask whilst conducting the temperature check.

### **Access / egress to site:**

Ensure you enter the building through the main pedestrian door/ roller shutter door each morning for Temperature Checks (hand held infra-red initially – eventually remotely read), optional at the end of each day. At the entrance to the Building ensure hands are sanitised using the facilities supplied at the entrance. Stop any personnel from entering the building with a temperature of 38 Degrees Celsius or Higher.

### **Welfare arrangements:**

Breaks to be staggered to avoid congregation in kitchen area as there is a maximum of 1 person allowed in the kitchen at any one time, ensuring social distancing at all times. Cooking on site to be prohibited during this interim period, staff can consume home prepared food and warm food at work. Ensure durations are not exceeded so that people do not overlap on their breaks. 2m social distancing marks/ measures to be placed on the floor around congregation hotspots such as the reception area. If the Kitchen is busy during the time in which you are supposed to have your break, then leave and report the issues to your line Manager

### **Medical arrangements:**

Additional measures to be provided for First Aiders given the additional risks posed by CV19 and how to protect themselves and others.

Resuscitation UK guidance to be issued to first aiders:- <https://www.resus.org.uk/media/statements/resuscitation-council-uk-statements-on-covid-19-coronavirus-cpr-and-resuscitation/covid-community/>

### **Supervision arrangements**

Supervisors/ Line Managers to monitor the arrangements to ensure that Social Distancing is maintained.

### **General Principles**

- All workers to stay away from the workplace for a minimum of 7 days if they are displaying symptoms of Covid-19, or a minimum of 14 days if anyone they live with are displaying symptoms. Workers that are Self-Isolating or Shielding are to discuss with their line manager prior to attempting to return to work.
- Non-essential physical work that requires close contact (less than 2m) between workers shall not be carried out. Where work requires closer than 2m working then workers will be provided with FFP2 minimum Respiratory Protective Equipment (RPE) and the workers Face Fit Tested in line with the Control of Substances Hazardous to Health Regulations 2002 (as Amended 2004)
- Work requiring skin to skin contact shall not be carried out
- Plan all other work to minimise contact between workers
- Re-usable PPE should be thoroughly cleaned/ disinfected after use and not shared between workers, Alternative is to bag up and to leave for 72 hours for the virus to die off on it.
- Single use PPE should be disposed of safely so that it cannot be reused.
- Staff are not to congregate outside of the building such as when waiting to enter the building
- Regularly clean touchpoints, doors, buttons etc.
- Staff should work side by side (maintaining 2m social distance at all times) or facing away from each other rather than face-to-face.
- 2m Social distancing marks will be provided at people's work desk to help prevent colleagues encroaching into their social distance.
- Workers will be encouraged to increase the frequency of their cleaning procedures around their desks. Employed cleaners will be utilised to provide a clean workplace/ This may mean asking staff to vacate their desk in the day if necessary for cleaning staff to wipe down workstations with disinfectant.
- Staff should travel into work on their Bicycle, Walk in, travel in their own vehicle, try to avoid public transport.
- All workers to report to Management they have over any concern regarding the Management of Covid-19 at Apollo Cradles Ltd

### **Responsible Personnel:**

**Darren Brady & Joe Hooper – Directors.**

Appendix A

**Risk Assessment:**

**RISK ASSESSMENT**

<b>Site: Apollo Cradles</b>	Site Risk Assessment	<b>Task or work operation</b>	All potential Activities within the offices and workshop areas
-----------------------------	----------------------	-------------------------------	--

<b>Date of Assessment</b>	06/06/2020	<b>Assessors Name</b>	Michael Bailey (Q1tum Ltd)	<b>Assisted by</b>	Darren Brady
---------------------------	------------	-----------------------	----------------------------	--------------------	--------------

<b>Severity</b>			<b>Likelihood</b>		
1 – Minor accident (First Aid)	2 – Major accident (RIDDOR)	3 – Fatality	1 - Low	2 – Medium	3 – High

**Risk Rating & Control & Monitoring Protocols**

1-2: Work may proceed in accordance with policy and procedures	3-5: Work may proceed providing stringent control measures have been implemented (e.g. permit to work, monitoring, etc.)	6-9: The work cannot commence until alternative method of work or additional control measures implemented

All visitors to maintain 2m social distancing and host to remind visitors of this.</p> <p>All essential Maintenance Contractors only to be permitted to the building.</p> <p>Delivery drivers to leave their parcel outside of the building – do not to sign any documentation/ tablets.</p> <p>With larger parcels then Delivery drivers not to enter the building without being invited, social distancing to be maintained (even if the driver is wearing a mask).</p>	<b>4</b>	<b>1</b>	<b>4</b>	<b>YES</b>
---	---	----------------------------	----------	----------	----------	--	----------	----------	----------	------------

**Control measures** (hierarchy of eliminate, reduce, isolate, control, PPE)

Only travel to work if you feel 100% fit and well. Avoid touching anything where possible, return home immediately if you feel unwell, follow the [guidance on self-isolation](#)

Follow [Government Guidance](#). Stop all non-essential visitors. Comply with staggered welfare timings. Introduce staggered start and finish times to reduce congestion and contact at all times. Allow plenty of space (two metres) between people waiting to enter site.

Require all workers to wash or clean their hands before entering or leaving the site. Regularly clean common contact surfaces e.g. handles, banisters, printers/copiers, screens, telephone handsets, desks, tools, plant controls. Consider holding meetings outdoors wherever possible. Drivers to remain in their vehicles if the load will allow it and must wash or clean their hands before unloading goods and materials. Stairs should be used in preference to lifts or hoists. Work requiring skin to skin contact should not be carried out. Where possible plan other work to minimise contact between workers. Regularly clean the inside of vehicle cabs between use by different operators. **If close contact is required, refer to the additional measures risk assessment.**

**Wash hands more often - with soap and water for at least 20 seconds or use a hand sanitiser when you get home or into work, when you blow your nose, sneeze or cough, eat or handle**
